

About Us

Choosing a new home and a new lifestyle is a major decision. It can be a time of uncertainty and many questions. There are many different types of retirement homes and senior living options depending on the level of care and independence desired. Below we have included some information about our community to help you in your search for a residential senior living community that is right for you.

Who we are...

Greenridge Senior Care Center is a privately owned and managed Elder Care Facility serving the East Bay. We are licensed by the State of California. Owner & director Linda Joseph has over 20 years experience in elder care. Growing up in a family of health care providers, Linda learned at a young age, the value of service, the importance of love and the joys of seeing a senior smile. At the newly remodeled Greenridge Senior Care, Linda works with a team with professionally trained and loving caregivers. Respecting the dignity and worth of each person are at the core of the Greenridge mission. Health care professionals provide each resident with a personal care plan that is just right for them. Our goal is to encourage your choice, independence, individuality and privacy - and to lend a helping hand when you need it.

Where we are...Nestled in the quiet hills of El Sobrante, California, Greenridge Senior Care offers easy access from the neighboring cities of Orinda, Pinole, Richmond, San Pablo, Berkeley and El Cerrito. We encourage family and friends from the community to come visit their loved ones as often as possible. Our central location to many beautiful parks and shopping make our outdoor trips interesting, fun and stimulating. We are also conveniently located close to local hospitals. [Click for map.](#)

What we offer...Since 2003, Greenridge Senior Care has been providing seniors with a variety of residential and health care services including Assisted Living Care and Skilled Nursing Services or Nursing Home Care with 24-hour medical supervision. Rehabilitation Care or Respite Care is also offered for those who need short-term medical assistance after an injury or illness. Greenridge Senior Care thus make it possible for seniors to age in place, offering residents various levels of care as their health conditions and personal needs change. Most importantly we reach out to all our senior residents with love and warmth.

We look forward to seeing you or your loved one at Greenridge Senior Care
and welcoming you into our family
