

Services and Amenities

Greenridge Skilled Nursing Facility provides a variety of private as well as shared rooms. Rooms are tastefully furnished according to the needs of the residents and with their safety in mind.

Our wide hallways are filled with tasteful wall art. Soothing colors and home-like touches enable our senior to feel at ease while encouraging them to move around the facility. Our nurses' stations located at the ends of hallways act as reception areas where residents and staff can gather. We value and encourage the constant interaction of our residents.

Our seniors also enjoy the numerous indoor lounges and outdoor courtyards. Birthday parties and holidays are always celebrated together allowing our residents to come together as a community. We welcome family and friends.

Safety is an issue we care strongly about at the Greenridge Senior Care community. We have a Wander-Guard Security system installed on all exit doors for the safety of all our residents. Within each room too there are emergency call buttons in case residents need help.
