

Linda Joseph

Linda Joseph, Owner & Executive Director

Linda has owned the Greenridge Facility since 2003. In a short time she has built it into a vibrant Skilled Nursing Facility as well as expanded it to include an Assisted Living Facility.

Growing up Linda had a good role model. Her mother, a geriatric nurse who owns other nursing facilities, taught Linda the value of love in serving others. Her sister, a nurse and brother, a doctor, have also followed a path of caring for people.

Linda has obtained a Nursing Home Administrator license and also a Masters Degree in Business Administration from the Wharton School of Business. She has traveled extensively and loves learning about different cultures. She employs a well qualified and international staff to make the residents from the diverse cultures feel more comfortable.

Linda takes great pride in the Greenridge Senior Care facility- in its cleanliness, warm and engaging staff, and stimulating and fun activities. She encourages her staff to work together as a team. She strives to make her residents feel loved and cared for and very much at home. "It is our duty to provide them not only with a place to live and physical comfort, but to help them live a life of purpose, peace and love".
